The Financial Aid Offer lists the names and amounts of specific types of financial aid that make up the student's offer. **C** Please note this is a sample picture of a financial aid offer, and not yours specifically.

If the offer does not show a specific type of aid, either the student was not eligible or funds were no longer available.

The Financial Aid Offer is based on full-time enrollment (12+ credits for undergraduate and 9+ credits for graduate). Grants are prorated based on enrollment. If the student is enrolled less than full-time, the grant will be reduced according to the number of credit hours the student is enrolled in.

Federal regulations require scholarship(s) be included in the student's package. Scholarships reported may reduce or replace other forms of financial aid in order to keep the student within their cost of attendance and/or financial need. UNI's policy is to reduce the student's aid in the following order when possible: loans, work-study, grants.

FYI

Less Than Full-Time

Financial aid is based on full-time enrollment. If the student is not enrolled full time by the census date (end of 10th day of classes), their aid will be adjusted at that time to reflect their actual enrollment. If the student fully withdraws from all their courses after financial aid applies to their bill, their aid will be charged back according to how much of the semester has been completed.
